ACLA is a registered 501(c)(3) nonprofit organization.

The Argumentation and Communication Leadership Academy (ACLA) will be managing the speech and debate program at Carden for Fall 2015. ACLA has been recognized as an outstanding educational program by the California School Board Association and was bestowed a 2014 Golden Bell Award for our partnership with a local elementary school in the Fullerton School District.

The ACLA program was developed by collegiate communication instructor and national championship speech and debate coach Willie Washington. The purpose of this program is to cultivate and enrich critical thinking, communication, and character. Not only will your students learn these valuable skills, but they will have fun in a supportive environment.
